Hello,

It is that time of year again and the preparations for the NON RESIDENT French Tax return 2019 are underway.

As every year, the French Tax Authorities need to have details of all your **income received within France from** 01/01/2018 – 31/12/2018.

This information needs to be given to the non resident tax office in Noisy Le Grand by mid May/June 2018 (depending on whether paper or internet declarations are completed), the actual dates are yet to be published.

**NON PERMANENT FRENCH RESIDENT:** If you are a non resident of France, you only need to declare the income received in France but there is a new ruling which was passed in October 2015 known as the *Arret Ruyter* which stipulates that now social charges are applicable at an extra 17.7% on the net income received **UNLESS** it can be proven that you do not rely on the French state for social cover. So it will likely mean further charges for some non residents.

You are welcome to complete my spreadsheets or if you prefer, to send me your information in handwritten format or via email . I would request that the information is supplied as early as possible, to avoid the "end of submission date," rush.

Please do not hesitate to contact me with any queries by email or phone which I will respond to and Endeavour to answer within 48 working hours.

Kind regards,

Laura Morley
